Operation Overview

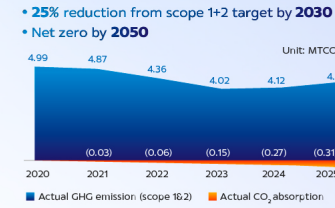

Strategic Investment

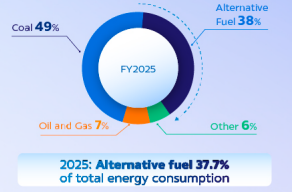

Completed the acquisition of PT Prokemas Adhikari Kreasi (MYPAK), a fiber packaging company in Bekasi, West Java, Indonesia, for IDR 467 billion (approximately THB 981 million). The acquisition strengthens the consumer-related portfolio, enhances value chain integration with its packaging paper business, and improves production efficiency through new facilities and synergies with existing fiber packaging operations in Indonesia. The site will also host a new Inspired Solutions Studio.

ESG

Greenhouse Gas Reduction Roadmap

Energy Ratio

Established 15 sustainability projects with customers, covering sustainable packaging, post consumer resource management, SCGP-certified carbon-footprint private labels, operational automation, and the deployment of electric vehicle trucks for logistics.

Became the first private laboratory accredited by the Thailand Environment Institute (TEI) to test and certify five industrial paper categories—plaster board liner, coated box paper, corrugated medium paper and liner board, and single-layer shopping bag paper—under the Green Label Thailand program. The five-year accreditation (December 2025–December 2030) supports both internal and external clients, strengthening SCGP's sustainability leadership, and competitive position in sustainable packaging solutions.

Award & Recognition

Achieved honors at the SET Awards 2025, reaffirming SCGP's strong performance and commitment to sustainability. The company maintained its AAA rating in the SET ESG Ratings for the third year and received the SET Awards of Honor for Best Innovative Company for the fourth consecutive year, along with Best Sustainability Awards, highlighting SCGP's leadership in innovation, sustainability, and long-term value creation for stakeholders.
